

Top Dress

Non-Silicone, High Performance Protectant & Dressing

DESCRIPTION

Top Dress is a non-silicone, high performance protectant and dressing for use on rubber, vinyl and plastic. Top Dress restores the shine and luster to surfaces. Top Dress is a non-silicone dressing and protectant and therefore does not leave treated surfaces greasy or slippery.

DIRECTIONS

Shake bottle well before using. For best results surfaces should be cleaned prior to application of Top Dress. Apply liberally by wetting a clean soft cloth or sponge with Top Dress. Apply evenly using a back and forth motion and allow to dry. Not for use on glass, painted surfaces, tire tread or clear plastics.

FOR USE ON

- Door panels
- Running boards
- Dashboards
- Consoles
- Window trim
- Seats
- Bumpers
- Floor mats
- Tire sidewalls

ADVANTAGES

- RESTORES SHINE AND LUSTER
- EASY TO APPLY
- NOT SLIPPERY OR GREASY
- PROTECTS SURFACES FROM UV AND AGING
- FAST DRYING
