

# Blue Ribbon

## Protects & Shines with High Gloss Silicones

PIF#3001

### DESCRIPTION

BLUE RIBBON TIRE SHINE is a silicone based dressing for automobile tires. This advanced solvent based formula is super fast drying and ready to use for ultimate convenience. BLUE RIBBON'S superior high gloss formula was developed to form a uniform, long lasting shine that resists water and detergent wash off. BLUE RIBBON TIRE SHINE improves the tire appearance and helps prolong tire life. Great in spray applications. May be applied to a wet or dry tire.

### DIRECTIONS

For best results surfaces should be cleaned prior to application of Blue Ribbon. Apply liberally directly on the surface to be coated and allow to dry. Not for use on glass, painted surfaces, tire tread or clear plastics.

### APPLICATIONS

Automotive Tire Dealers  
Motorcycle Dealers  
Vehicle Rental

Car & Truck Washes  
Service Stations  
Leasing Companies

New & Used Car Dealers  
Tires & Rubber Products

### ADVANTAGES

- Silicone Based – Provides high gloss finish
- Pleasantly Scented – Great strawberry fragrance
- Quick Drying – No spin off from driving away
- Long Lasting Protection – Solvent based formula provides durable, long lasting protection
- Even Shine Every Time – Self leveling formula
- Easy to Use – Simply spray on target surface, no rubbing required

### TYPICAL PRODUCT SPECIFICATIONS

Appearance	Clear blue liquid
Scent	Strawberry
pH	N / A
Weight, per U.S. gallon	6.0 lbs.
Specific gravity	0.72
Viscosity	Thin
Foam	None
Flashpoint	104°F
Stability	Excellent
Rinsability	Resistant
Solubility	Not Soluble
DOT shipping	Non-hazardous
Dilution Ratio	Ready to Use
